Product Lines:

Epicuren Skincare and Body Line

With over thirty years of developmental research, Epicuren emerges as a superior skin care line which is also considered a medical grade line. The fundamental science behind the Epicuren Discovery enzyme technology is derived from pharmaceutical enzyme research performed twenty years ago on severely scarred burn victims. Epicuren took the core theory behind its success and created the Enzyme Vitamin Protein Complex and has incorporated it into their entire face and body line.

Dermalogica

A brand created by the professional skin experts at Dermalogica. Dermalogica, specialize in targeting breakouts, blackheads and shine to help you achieve your healthiest skin. our formulas are clinically proven, technology-driven and designed to nurture (not strip) your skin.
